

LUMI FOR EVERY CAPTAIN

Okay, Ask First, or Stop and Tell?

Cut out the cards. Put each one where it goes.

Okay

Ask first

Stop and tell

For grown-ups: Answers: **Okay**: high five after saying yes, holding hands to cross the street, a checkup with a grown-up there. **Ask first**: a hug, sitting very close, touching hair. **Stop and tell**: touching private parts, a secret about touching, a picture of private parts. Start with two or three cards and add more over time. Praise every try.

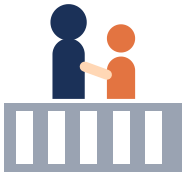

LUMI FOR EVERY CAPTAIN

Sorting Cards

Cut along the dashed lines.

A high five after I say yes

Holding hands to cross the street

A doctor checkup with my grown-up there

A hug

Sitting very close

Touching my hair

Someone touches my private parts

Someone says, “Keep this touch a secret”

Someone wants a picture of my private parts

For grown-ups: Laminate the cards if you can so they last. Children who don’t use their hands to sort can point, look at, or tell you where each card goes.
