

Lumi's Maze (level 3)

Help Lumi find the safe harbor!

A 10x10 grid with black walls and a red path. The path starts at the top-left corner (0,0) and ends at the bottom-right corner (9,9). The path is composed of red lines, while the walls are black. The path follows a complex route, visiting many cells and avoiding the walls. The walls are represented by black lines that form a maze-like structure. The path is a single continuous line that starts at the top-left and ends at the bottom-right.
